Match and MOE

SLAA Match requirement

- **Match is the non-Federal share** – any combination of SLAA, local, and private funds used to support the LSTA priorities in your Five-Year Plan from non-federal, state, or local sources 20 U.S.C. § 9133(b)
- Required State Match for your total LSTA funding is 34% of your total program costs (and federal share is 66%)
- If for any reason you cannot meet your Match, notify IMLS immediately

MOE requirement – 20 U.S.C. § 9133(c)(1)

- SLAA required to maintain certain level of State expenditures for library programs
- MOE requirement ensures that Federal funds enhance, rather than replace State funds
- IMLS required to reduce the allocation otherwise payable to a State if State fails to maintain proper MOE level of expenditure
 - (2017 MOE requirement affects the 2020 allotment)

MOE funds – 20 U.S.C. § 9133(c)(2)

“All State dollars expended by the SLAA for library programs” consistent with LSTA purposes (excluding capital expenditures, special one-time project costs, similar windfalls)

MOE and the Purposes of LSTA

MOE calculation – 3-year average

FY 2014 MOE

FY 2015 MOE

FY 2016 MOE

3

FY 2017 MOE
requirement

MOE waiver – 20 U.S.C. § 9133(c)(3)

- IMLS authorized to waive MOE requirement if the agency determines that:
 - a waiver would be *equitable*...
 - based on *exceptional or uncontrollable* circumstances, such as...
 - (financial hardship) *precipitous and unforeseen* decline in the financial resources of the State; **or**
 - natural disaster

Financial hardship showing

- If based on State's financial resources, then must be:
 - Exceptional or Uncontrollable circumstances which are both
 - Precipitous and
 - Unforeseen

Financial hardship “equitability”

First threshold showing:

Overall State FFY budget

(Accompanied by comparison of FFY and previous year)

(1) State budget (total actual appropriations)

FFY15 (SFY15-16)	%Diff	FFY16 (SFY16-17)
\$13.245	1%	\$13.423
(in billions)		

Financial hardship “equitability”

Second threshold showing:

Actual total FFY SLAA appropriation

(Accompanied by comparison of FFY and previous year)

(2) SLAA budget (total actual appropriations)

FFY15 (SFY16)	%Diff	FFY16 (SFY17)
\$ 4,230,552	-5%	\$ 4,008,889

Financial hardship “equitability”

Third threshold showing:

Comparing proportionality of total State budget with total SLAA appropriation

(Is the % difference for both proportional?)

(1) State budget (total actual appropriations)

FFY15 (SFY15-16)	%Diff	FFY16 (SFY16-17)
\$13.245	1%	\$13.423
(in billions)		

(2) SLAA budget (total actual appropriations)

FFY15 (SFY16)	%Diff	FFY16 (SFY17)
\$ 4,230,552	-5%	\$ 4,008,889

Natural disasters

- Exceptional or uncontrollable
- “Act of God”
- Impacting overall State financial resources

State overall

- Looking at the State in aggregate: SLAA, legislature, etc.
- “Uncontrollable” points back to the State: was it within the State’s control to avoid?

Not Meeting Match vs. MOE

- Match affects the *current* award
 - IMLS **cannot** waive the Match requirement
 - You need to notify IMLS if you're at risk of not meeting Match
- Maintenance of Effort affects a *future* award
 - IMLS **can** waive the MOE requirement if the reasons in your waiver request meet those articulated in the IMLS authorization
 - IMLS will notify you with waiver guidance in spring if you don't meet MOE
- Either reduction would be proportional to the percentage by which you miss Match or MOE
